PUT - Purchase Upon Termination <i>(depreciation benefits with "balloon-like" residual)</i> <ul style="list-style-type: none"> * Conditional sale lease with same tax treatment as a loan. Customer takes depreciation just like a loan, rather than writing off lease payment. * Customer must purchase or trade (no walk away option). At lease end, residual may also be refinanced as a loan, subject to credit approval. * Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

Additional Terms & Conditions:

- NEW assets: To qualify for NEW residuals, asset must be CURRENT or PRIOR model year old; never retailed; under demo hour limits by asset category on the residual matrix. Otherwise, used residuals will apply.
- Sales Price Verification:
 - FPO leases for tractors with a sale price equal to or greater than \$150k and residual of 40% or greater are subject to price verification. This sale price verification may impact the stated residuals.
 - New Equipment price verification: Residual values calculated on actual sales price not to exceed the replacement cost new value (aka average selling price). This is a value that is less than original manufacturer's invoice (Manufacturer List price minus industry discounts).
 - Used Equipment price verification: Residual values calculated on the lower of either the actual/advertised sales price or 100% of Resale Cash value in the current edition of Iron Guide.
 - Exception requests: Sale Price verification is part of any review for residual requests outside of matrix guidelines, final residuals are subject to change based on review.
- FPO options on Multiple Assets (same model and term):
 - Residual values outlined in the AgDirect Residual Matrix are based on leases for up to (3), like assets.
 - Leases on > (3) like assets require additional review and may result in residuals below published matrix.
- Contact AgDirect at 888-525-9805 for lease options on used equipment more than 10 years old. Limited to maximum asset age of 15 years old at end of lease.
- Purchase or trade at any time during lease period. No early term fees on payoffs under \$500,000.
- To determine the right type of lease for your business, contact your tax advisor.

All rates and terms are subject to credit approval. Free 45-day rate commitment on all terms.
AgDirect reserves all rights to cancel or change rates and terms at any time and without notice.

Types of Leases:

FPO - Fixed Purchase Option (also known as Walk Away Lease)

- * Typically considered a true tax lease where customer writes off lease payment as operating expense, rather than depreciating asset.
- * Customer has option to purchase, trade, or surrender (walk away) asset.
- * Customer only gives up equity if they surrender. Otherwise, equity is retained by purchasing or trading to pay off the residual amount due.

PRO - Purchase or Renew (payment write-offs with "balloon-like" residual)

- * Typically considered a true tax lease where customer writes off lease payment as operating expense, rather than depreciating asset.
- * Customer has option to purchase, trade, or renew lease (no walk away option).
- * Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

PUT - Purchase Upon Termination (depreciation benefits with "balloon-like" residual)

- * Conditional sale lease with same tax treatment as a loan. Customer takes depreciation just like a loan, rather than writing off lease payment.
- * Customer must purchase or trade (no walk away option). At lease end, residual may also be refinanced as a loan, subject to credit approval.
- * Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

Subject to credit approval. Consult with an accountant for advice on leasing options.

AgDirect® is an equipment financing program offered by Farm Credit Services of America and other lenders, including participating Farm Credit System Institutions.

The final residual percentage will be based on the lower of either the actual/advertised sales price or 100% of Resale Cash value of the current edition of Iron Guide.

Lease applications are subject to selling price verification, and residual may be conditioned down from stated percentage based on actual model, specifications, and estimated future value.

Subject to credit approval. Consult with an accountant for advice on leasing options.
 AgDirect® is an equipment financing program offered by Farm Credit Services of America and other lenders, including participating Farm Credit System Institutions.
 The final residual percentage will be based on the lower of either the actual/advised sales price or 100% of Resale Cash value of the current edition of Iron Guide.
 Lease applications are subject to selling price verification, and residual may be conditioned down from stated percentage based on actual model, specifications, and estimated future value.

Types of Leases:

FPO - Fixed Purchase Option (also known as Walk Away Lease)

- * Typically considered a true tax lease where customer writes off lease payment as operating expense, rather than depreciating asset.
- * Customer has option to purchase, trade, or surrender (walk away) asset.
- * Customer only gives up equity if they surrender. Otherwise, equity is retained by purchasing or trading to pay off the residual amount due.

PRO - Purchase or Renew (payment write-offs with "balloon-like" residual)

- * Typically considered a true tax lease where customer writes off lease payment as operating expense, rather than depreciating asset.
- * Customer has option to purchase, trade, or renew lease (no walk away option).
- * Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

PUT - Purchase Upon Termination (depreciation benefits with "balloon-like" residual)

- * Conditional sale lease with same tax treatment as a loan. Customer takes depreciation just like a loan, rather than writing off lease payment.
- * Customer must purchase or trade (no walk away option). At lease end, residual may also be refinanced as a loan, subject to credit approval.
- * Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

Subject to credit approval. Consult with an accountant for advice on leasing options.

AgDirect® is an equipment financing program offered by Farm Credit Services of America and other lenders, including participating Farm Credit System Institutions.

The final residual percentage will be based on the lower of either the actual/advised sales price or 100% of Resale Cash value of the current edition of Iron Guide. Lease applications are subject to selling price verification, and residual may be conditioned down from stated percentage based on actual model, specifications, and estimated future value.

Types of Leases:

FPO - Fixed Purchase Option (also known as Walk Away Lease)

- * Typically considered a true tax lease where customer writes off lease payment as operating expense, rather than depreciating asset.
- * Customer has option to purchase, trade, or surrender (walk away) asset.
- * Customer only gives up equity if they surrender. Otherwise, equity is retained by purchasing or trading to pay off the residual amount due.

PRO - Purchase or Renew (payment write-offs with "balloon-like" residual)

- * Typically considered a true tax lease where customer writes off lease payment as operating expense, rather than depreciating asset.
- * Customer has option to purchase, trade, or renew lease (no walk away option).
- * Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

PUT - Purchase Upon Termination (depreciation benefits with "balloon-like" residual)

- * Conditional sale lease with same tax treatment as a loan. Customer takes depreciation just like a loan, rather than writing off lease payment.
- * Customer must purchase or trade (no walk away option). At lease end, residual may also be refinanced as a loan, subject to credit approval.
- * Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

Subject to credit approval. Consult with an accountant for advice on leasing options.

AgDirect® is an equipment financing program offered by Farm Credit Services of America and other lenders, including participating Farm Credit System Institutions.

The final residual percentage will be based on the lower of either the actual/advised sales price or 100% of Resale Cash value of the current edition of Iron Guide.

Subject to credit approval. Consult with an accountant for advice on leasing options.

AgDirect® is an equipment financing program offered by Farm Credit Services of America and other lenders, including participating Farm Credit System Institutions.

The final residual percentage will be based on the lower of either the actual/advised sales price or 100% of Resale Cash value of the current edition of Iron Guide.

Lease applications are subject to selling price verification, and residual may be conditioned down from stated percentage based on actual model, specifications, and estimated future value.

FPO - Fixed Purchase Option (also known as Walk Away Lease)

* Typically considered a true tax lease where customer writes off lease payment as operating expense, rather than depreciating asset.

* Customer has option to purchase, trade, or surrender (walk away) asset.

* Customer only gives up equity if they surrender. Otherwise, equity is retained by purchasing or trading to pay off the residual amount due.

PRO - Purchase or Renew (payment write-offs with "balloon-like" residual)

* Typically considered a true tax lease where customer writes off lease payment as operating expense, rather than depreciating asset.

* Customer has option to purchase, trade, or renew lease (no walk away option).

* Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

PUT - Purchase Upon Termination (depreciation benefits with "balloon-like" residual)

* Conditional sale lease with same tax treatment as a loan. Customer takes depreciation just like a loan, rather than writing off lease payment.

* Customer must purchase or trade (no walk away option). At lease end, residual may also be refinanced as a loan, subject to credit approval.

* Customer retains their equity by purchasing or trading to pay off the residual amount due at end, just like they would with a balloon loan.

Customer retains their equity by purchasing or trading to pay, on the re

Subject to credit approval. Consult with an accountant for advice on leasing options.

AgDirect® is an equipment financing program offered by Farm Credit Services of America and other lenders, including participating Farm Credit System Institutions. The final residual percentage will be based on the lower of either the actual/advertised sales price or 100% of Resale Cash value of the current edition of Iron Guide. Lease applications are subject to selling price verification, and residual may be conditioned down from stated percentage based on actual model, specifications, and estimated future value.

Subject to credit approval. Consult with an accountant for advice on leasing options.

AgDirect® is an equipment financing program offered by Farm Credit Services of America and other lenders, including participating Farm Credit System Institutions.

The final residual percentage will be based on the lower of either the actual/advised sales price or 100% of Resale Cash value of the current edition of Iron Guide.

Lease applications are subject to selling price verification, and residual may be conditioned down from stated percentage based on actual model, specifications, and estimated future value.
